**Midwestern Gas Transmission Co.;
Notice of Rate Filing**

June 23, 1995.

Take notice that on June 20, 1995, Midwestern Gas Transmission Company (Midwestern) filed a request for an extension of time in which to file its report of cashout activity for its first year of operations under restructured services. Midwestern requests permission to file its cashout report within thirty days of its affiliate, Tennessee Gas Pipeline Company (Tennessee), filing an amended first annual cashout report subsequent to final reconciliation of its cashout mechanism. This reconciliation is anticipated to be completed in January, 1996.

Midwestern states that Section 6(f) of its LMS-MA Rate schedule requires Midwestern to file a report and refund plan, if necessary, at the end of each annual period. Due to the dependence of Midwestern's cash out mechanism on that of its affiliate Tennessee, Midwestern contends that it is necessary for Tennessee to file its final amended cashout report prior to Midwestern's submittal in order to ensure the accuracy of Midwestern's report.

Midwestern states that copies of the filing have been mailed to all of its jurisdictional customers and affected state regulatory commission.

Any person desiring to protest with reference to said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with Section 211 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211. All such protests should be filed on or before June 30, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to this proceeding.

Copies of this filing are on file and available for public inspection.

Secretary.
